## April Newsletter

Dear Parents,

I do not know about you, but I am very excited to welcome Spring and the warm weather that comes with it! It looks like at this point, our last day of school will be Friday, June 9.

With the arrival of Spring means nicer weather, for many families it presents a balancing act between schools, sports and fun! As the days get longer, and the snow melts away, there are more opportunities to spend time outside. Students will need support to be mindful of expectations and time frames. Sleep is vital to be in the best shape for learning and other activities. One of the best management strategies is to work backwards from a set bedtime. This will encourage your child to continue to get their required zzzz's.

### Spring Testing 2023

As we approach the end of the academic year, please be aware of assessments that will take place. The assessment calendar has been set for the 2022-23 academic year. The New Hampshire State Assessment (NHSAS) will be administered to students in Grades 3-6 during the month of May. Details to follow. We encourage all students to be present during the assessments. Similarly, we encourage all students to get a good night's rest and have a good breakfast prior to the assessments. If you have any questions or concerns regarding assessments, please feel free to contact your child's teacher or me.

## Dates to Remember

April 6	Magical Math Program Summer Resource Night/ Spaghetti Supper
April 7	All School Assembly Roller skating
April 10- 14	Ecology School
April 17- 21	New Hampshire Dance Institute Residency
April 21	NHDI Performance Details to follow
April 24- 28	Spring Break

State Assessments are required for students in Grade 3-6 at Troy School. These assessments are in literacy and mathematics. In addition, Grade 5 will take a Science assessment as well.

**Changes in Special Education Staff:** Troy School is fortunate to have Jennifer Main join the Troy Team as a Special Educator. Jenn will assist Chance Margheim in the Resource Room. Over the past year, Jennifer has been a paraprofessional, substitute, assistant in the *Beyond the Bell* program and currently coaches in the Keene Area. Her goal is to continue to support and provide students with a positive learning experience at Troy Elementary. *Welcome aboard Mrs. Main!*

## 2022-2023 Kindergarten and Preschool Online Registration Opens March 13th, 2023

<http://mrsd.almastart.com/>

Required for complete registration:

- \*Birth certificate
- \*Most recent physical

To register for these free classes or for  
more information, please call  
357-2042 or email:

Beth Audette baudette@mrsd.org

Lynn Speckman lspeckman@mrsd.org

## Mashup Kits

Educational concepts + something of interest  
= learning + fun

Mary Poppins sang, "In every job that must be  
done, there is an element of fun. You find the fun  
and, snap, the job's a game..."

We try to incorporate this idea into our kits for  
you to enjoy at home with your children. For  
example, we could have made a plain and simple  
kit about weights and balances, but frogs add  
something special!

To borrow this or any of the Title I kits, check with  
your primary grade school librarian or call our  
office at 603-357-2042.

## Free Summer Tutoring

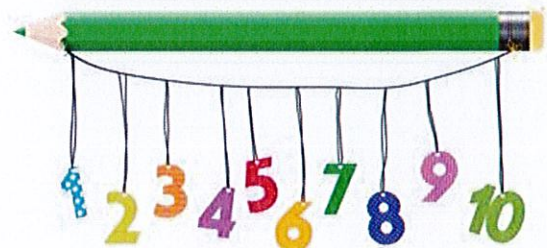

Title I is offering FREE tutoring July 5 - August  
4, 2023 with a choice of 1 or 2 sessions per  
week for students entering grades 1-7 at  
Cutler, Emerson, Troy and MRMHS.

If you are interested, please fill  
out and submit a registration  
form for each child. Scan here  
for form:

## Math, it's everywhere!

*So let's have some fun with it!*

## Make Some Mud Pies

*and make some memories*

You can start developing your child's math and  
cooking skills outside of the kitchen by creating  
mud pie recipes.

Use some non-  
traditional items  
for measuring,  
like cereal boxes  
and seashells.  
Then, gather  
natural elements  
outside: dirt, water, rocks, flowers...

Have your child describe the process aloud,  
including how much of each ingredient is going into  
the recipe, like 1 cereal box of dirt, 20 clam shell  
scoops of water, 10 rocks, 3 handfuls of grass, and  
so on... and you or your child can write down the  
ingredients and instructions. Save the recipes  
among your own recipe collection. They'll be sweet  
memories for you and your child years from now.
