ELA	39	58
Mathematics	40	47

**\*\*SGP-A student growth percentile (SGP) describes a student's growth compared to other students with similar prior test scores (their academic peers). Although the calculations for SGPs are complex, percentiles are a familiar method of measuring students in comparison to their peers. New Hampshire cut scores: <35 is Low, 35-49 is Low-Average, 49-60 is High-Average, >60 is High.**

<b>Overall Low Student Growth Percentile</b>
<b>Overall Low-Average Student Growth Percentile (considered “normal”)</b>
<b>Overall High-Average Student Growth Percentile (considered “normal”)</b>
<b>Overall High Student Growth Percentile</b>
