# Recording your voice

1) From your program menu select:
Accessories
       Entertainment
              Sound recorder

2) plug in your microphone (microphone jack)

3) Press the record button on sound recorder.

4) press the stop button when you are finished.

To save your file, go under file, then "save as" and name it! It saves as a "wav" file.
